Dear Mrs Oyston

Diversion Work at: Land adjacent to Sessay Village Hall and Cricket Club, Sessay Thirsk

Thank you for your recent request for a Budget Estimate.

You will find enclosed the Technical Specification and Budget Estimate that confirms the details of your request. This estimate is submitted under Northern Powergrid (Northeast) Limited standard Terms and Conditions.

Please note that it may take us longer to start the work you have requested because of new legislation which came into effect on April 1, 2008. This requires us to give longer notice periods to local councils before we begin works in the public highway and is designed to ensure better co-ordination of street works and less traffic congestion.

I look forward to receiving your further instructions. In the meantime if you have any queries, please contact me on the telephone number above, I will be happy to help you.

Yours sincerely

A handwritten signature in black ink, appearing to read "M S Cathie".

M S CATHIE

Technical Specification and Budget Estimate

Sessay Village Hall and Cricket Club, Sessay Thirsk

If you have any queries regarding these works, please quote
Enquiry Number ENQ5239917 when contacting us.

1 Our Proposals

The work necessary to meet the requirements of your proposed scheme.

Subject to wayleaves, replace our existing High Voltage (HV) overhead main line crossing to the rear of Sessay Village Hall and the Cricket Grounds with an underground HV cable.

Subject to wayleaves, replace 2 x spans of the existing HV overhead tee to 'Sessay South' pole mounted substation with an underground HV cable.

Please be aware that I cannot rule out that we would need to establish a new ground mounted substation on the site to replace 'Sessay South' pole mounted substation.

From the time accurate costs are produced, we require a minimum of 12 months' notice of the date on which we would be required to start work on site.

If you have any queries regarding the design of the scheme, these can be discussed with the Designer, Malcolm Cathie on 01132 274332

2 The Price

The budget estimate for the required work is: **£0.00**

VAT applicable at the rate of 20.0% is: **£0.00**

The total estimated cost is: **£0.00**

You have indicated that there is currently no agreement in place for us to maintain our apparatus on the site and this budget cost has therefore been provided on this understanding. You may incur a charge to divert the HV overhead equipment should further investigation show that we have legal agreements in place to maintain the equipment on the site.

3 Progressing the Job

If you require a detailed scheme and estimate please write to me quoting enquiry number **ENQ5239917**

4 Data Protection

We will use the information you have provided for the purpose of administering your quotation, providing you with the service covered by the quotation and for research and statistical analysis.
